METAENDURE LABS – FOUNDER

Sujai Sivan

Founder, METAENDURE LABS

Endure. Evolve. Excel.

Endurance Athlete | IRONMAN 70.3 Finisher

Sujai S embodies the philosophy of **METAENDURE LABS: Endure. Evolve. Excel.**

What began in 2015 as a self-trained runner weighing **84 kg**, completing a 10K in **1:08:36** without structured coaching, nutrition, or a training plan, evolved into a decade-long journey of transformation.

Through **science-backed training, disciplined nutrition, systematic coaching, and relentless consistency**, Sujai transformed both physical and mental resilience, reducing body weight by over **18 kg** and achieving significant performance improvements across endurance sports.

METAENDURE LABS – FOUNDER

The Turning Point

Between 2015 and 2018, Sujai relied primarily on self-training with minimal focus on nutrition, recovery, or performance systems. While this period built mental toughness, progress was often inconsistent.

The breakthrough came when he embraced a holistic performance approach through structured coaching, personalized nutrition, calibrated training plans, and disciplined execution. The results were transformational:

- ✓ *Faster race times*
- ✓ *Significant body composition improvements*
- ✓ *Better energy and recovery*
- ✓ *Enhanced resilience and consistency*
- ✓ *Sustainable long-term performance*

This experience became the foundation for METAENDURE LABS.

METAENDURE LABS – WHY ?

METAENDURE LABS was born from a simple realization:

Most people do not fail because they lack potential. They fail because they lack a proven system.

Having personally experienced the difference that science-backed training, performance nutrition, mindset development, and accountability can make, Sujai founded METAENDURE LABS to help recreational athletes, professionals, and everyday individuals unlock their highest potential.

Today, METAENDURE LABS combines endurance training principles, mindset mastery, habit formation, and performance optimization frameworks to help individuals build resilience and achieve lasting excellence in sport, work, and life.

Founder Philosophy

*"My journey proves that extraordinary results are not reserved for elite athletes. With the right mindset, structure, and consistency, anyone can transform their **performance and redefine their limits**. METAENDURE LABS exists to help people do exactly that."*

METAENDURE LABS – ACHIEVEMENTS

Milestone Achievements (2015 to till date)

- 🏃 10K improved from **1:08:36** → **43:06**
- 🏆 Half Marathon improved from **1:57:55** → **1:40:45**
- 🏃♂️ Marathon Finisher
- 🏔️ Ultra Marathon Finisher (50K & 43K)
- 🚴 Multiple Triathlon Finisher (BMF & BERGMAN)
- 🏆 5K Podium Finish (2023)
- 🏅 IRONMAN Goa 70.3 Finisher (2025)

METAENDURE LABS – VISION STATEMENT

VISION STATEMENT

- Empower recreational athletes, professionals, and everyday individuals to achieve extraordinary levels of endurance, resilience, and performance. Through evidence-based training, mindset transformation, and continuous self-improvement, we aim to create a global community that embraces challenges, pushes beyond limits, and unlocks its fullest human potential.

MISSION STATEMENT

- Empower individuals to build enduring physical, mental, and professional resilience through structured endurance training, mindset development, and science-backed performance strategies. We inspire people to push beyond perceived limits, embrace challenges with confidence, and achieve sustainable excellence in sport, career, and life.

METAENDURE LABS

METAENDURE is a combination of two words:

- **Meta** = beyond, higher level, transformation, self-improvement, future-focused.
- **Endure** = persistence, resilience, stamina, the ability to keep going despite difficulty.

Brand Meaning

METAENDURE = "Going beyond endurance."

The **white part** forms the letter **M**.

The **green part** forms the letter **E**.

- **M (white)** = clarity, discipline, mindset, performance.
- **E (green)** = energy, endurance, growth, evolution.

Together which stands for **METAENDURE**.

The connected shape suggests **forward movement and progression**, fitting the idea of "Outlast Your Yesterday."

METAENDURE LABS - PILLARS

- The foundational phase of resilience, grit, and survival. It represents the capacity to withstand hardships, absorb pressure, maintain discipline, and persist through setbacks or unfavourable conditions without quitting.

- The intermediate phase of adaptation and growth. Once you survive the initial pressure, you must learn, shift your mindset, update your strategies, and transform your capabilities to align with a changing environment rather than remaining stagnant.

- The ultimate phase of high performance and achievement. By successfully withstanding adversity (enduring) and adapting to new demands (evolving), you ultimately surpass previous limitations, outperform peers, and achieve mastery or market leadership.

METAENDURE LABS – FRAME WORK

E = Endurance

The ability to keep going when others stop.

Physical stamina

Recovery

Consistency

Long-term discipline

Brand Message

Endurance is not about speed. It's about staying in the game.

M = Mindset

The engine behind endurance.

Mental resilience

Focus

Self-belief

Grit

Brand Message

The body follows where the mind leads.

S = Science

The differentiator.

Data-driven training

Sports science

Biometrics

Performance testing

Evidence-based coaching

Brand Message

We don't guess. We measure.

P = Performance

The outcome.

Faster

Stronger

Healthier

More resilient

Brand Message

Performance is the result of endurance, mindset, and science working together.

METAENDURE LABS – WHO WE SERVE

• Endurance Athletes

- Runners
- Cyclists
- Triathletes
- Ultra-distance athletes

Working Professionals

- Busy individuals seeking sustainable fitness
- Leaders wanting increased resilience and energy
- Professionals managing stress and performance

Transformation Seekers

- Weight loss journeys
- Lifestyle optimization
- Habit-building and consistency development

High Performers

- Entrepreneurs
- Executives
- Competitive athletes
- Individuals pursuing excellence

MetaEndure Labs helps anyone committed to becoming a better version of themselves.

METAENDURE LABS – WHAT WE OFFER

Endurance Coaching

5K, 10K, Half Marathon, Marathon

Race preparation plans

Personalized coaching

Performance Nutrition

Sports nutrition fundamentals

Race fuelling strategies

Weight management

Triathlon Coaching

Swim, Bike, Run integration

Structured training plans

Race strategy guidance

Mindset Development

Resilience coaching

Goal achievement framework

Performance psychology principles

METAENDURE LABS – OUR PERFORMANCE SYSTEM

STEP 1: ASSESS

Understand current fitness, habits, lifestyle, and goals.

STEP 2: PLAN

Build a science-backed roadmap tailored to the individual.

STEP 3: EXECUTE

Apply structured training, nutrition, and recovery strategies.

STEP 4: ADAPT

Review performance data and refine the plan continuously.

STEP 5: ACHIEVE

Deliver measurable improvements and sustainable results.

STEP 6: EVOLVE

Create lifelong habits that drive continuous growth.

Endure → Evolve → Excel

METAENDURE LABS – WHAT MAKES US DIFFERENT

Real Experience

Built from a decade-long personal transformation journey.

Science-Backed Approach

Training decisions driven by evidence, not guess work.

Holistic Development

Fitness, nutrition, mindset, recovery, and habits integrated into one system.

Sustainable Results

Focus on long-term performance rather than short-term motivation.

Community & Accountability

Support systems designed to keep individuals progressing.

"Extraordinary results come from extraordinary consistency."

METAENDURE LABS – HYROX PERFORMANCE PROGRAM

1. HYROX Structured Training

- Beginner HYROX Foundation Program (12 weeks)
- Intermediate Performance Program (16 weeks)
- Advanced/Race Ready Program
- Personalized programming
- Performance assessments every 4-6 weeks

2. HYROX Simulation Lab

Create a dedicated race simulation zone featuring:

- SkiErg
- RowErg
- Sled Push
- Sled Pull
- Burpee Broad Jump lanes
- Sandbag Lunges
- Farmers Carry
- Wall Balls

METAENDURE LABS – HYROX PERFORMANCE PROGRAM

Athletes can regularly complete:

- Half HYROX simulations
- Full HYROX simulations
- Station-specific benchmarking
- Race pacing drills

3. Pro Athlete Coaching

- Weekly masterclasses with HYROX athletes
- Race strategy workshops
- Technique analysis sessions
- Competition preparation camps

4. Recovery & Rehabilitation Lab

METAENDURE Recovery Lab

- Ice Baths
- Infrared Sauna
- Mobility Sessions
- Sports Massage Partnerships
- Recovery Tracking

METAENDURE LABS – HYROX PERFORMANCE PROGRAM

5. Race Nutrition Lab

Provide:

- Pre-race fuelling plans
- During-race hydration strategies
- Carb-loading protocols
- Recovery nutrition guidance
- Supplement education

6. Community & Competition

Build a strong HYROX community through:

- Monthly Simulation Race Days
- Partner HYROX Events
- In-House Leaderboards
- Team Competitions
- HYROX Training Camps
